CS/CS/CS/HB 239	State Affairs Committee, Federal Affairs Subcommittee, Agriculture & Natural Resources Subcommittee, Williams, T.	Water Quality - Directs DEP to publish notice of proposed rulemaking by specified date to revise certain criteria for state's waterbodies; prohibits implementation of certain federal numeric nutrient water quality criteria rules by DEP, water management districts, & other governmental entities; clarifies authority of water management districts & other governmental entities with respect to pollution control; provides construction; authorizes DEP to adopt numeric nutrient water quality criteria for surface waters; provides that certain total maximum daily loads & associated numeric interpretations constitute site specific numeric nutrient water quality criteria; provides for classification of designated uses of state's surface waters by human use & aquatic life use; renames current classifications to conform; authorizes DEP to adopt rules; provides for DEP to adopt classification system by rule, subject to ratification by Legislature.
540881	Williams, T.	The amendment makes a few, small changes to the section of the bill relating to the revised water classification system. Specifically the amendment removes a subjective standard from Human Use Classes 3, 4, and 5. In addition, the amendment adds the word "minimal" to the 3rd sentence of Aquatic Life Use 2, limiting the changes to the biology for that class. Finally, the amendment replaces the references to a designated class with the word "applicable" in two places in the bill that provide statutory cross-reference changes.
